Subject: Property Line Fence between 2 and 0 Encanto Drive

To Whom it May Concern,

I am the property owner at 2 Encanto Drive. California Water Service is proposing to erect a new, taller fence and/or wall along my west property line and their east property line at 2 and 0 Encanto Drive in the City of Rolling Hills Estates.

Based on their current plan, the design will require a portion of the northernmost fence/wall, at the existing concrete water slough, to be up to six inches on my property.

Rather than route the proposed fence/wall around the existing concrete water slough on California Water Service property, I give my permission to build the new fence/wall along the east portion of the existing concrete slough, no more than the currently proposed six inches.

Respectfully,

Andrew Enriquez
